The opinions expressed in this publication do not necessarily represent the official policy of the United Nations. The designations used do not imply the expression of any opinion whatsoever on the part of the United Nations concerning the legal status of any country, territory or area, or of its authorities, frontiers or boundaries.

The maps in this publication are not intended to be exact representations. The designations on, and the presentation of, the maps do not imply the expression of any opinion whatsoever on the part of the United Nations concerning the legal status of any country, territory or area, or of its authorities, frontiers, or boundaries.

Official crime and justice statistics presented in the report have been provided by participating countries. While every effort has been made to ensure that these data are accurate, their ultimate validity lies with the countries providing the information.

Social science data and other research based information are presented according to the usual standards of scholarship. Thus, every effort has been made to provide the sources of all factual information presented. The reader is urged to consult the extensive notes section in order to verify sources of information, where appropriate.
